

Western Allies Plan New Talks With The Soviets

WASHINGTON (AP)—The United States has started consultation with its NATO allies on the next round of Western talks with the Soviet Union.

Officials here hope for the development of a Western negotiating position by the middle of next month.

The target date arises from the fact that Secretary of State Dean Rusk and the British Foreign Secretary, Lord Home, are scheduled to meet Soviet Foreign Minister Andrei A. Gromyko in New York about the time of the U.N. General Assembly opening Sept. 18.

Meanwhile East-West diplomatic talks on the shape of the next round and on specific problems which may be dealt with in an effort to lessen cold war tensions are expected to go forward also on three other fronts—in the disarmament talks at Geneva, in meetings between State Depart-

ment officials and the Soviet ambassador in Washington, and in discussions between the Foreign Office and the U.S. ambassador in Moscow. At the United Nations in New York, the United States is reported to have proposed to the Soviet Union that they resume talks soon on laws to apply to the exploration of space.

At the moment, U.S. officials are not sure either what the cold war negotiations will be about or what form they will take.

So far two sets of problems have been clearly defined as being likely to figure in the next round. Soviet Premier Khrushchev has called repeatedly for an East-West nonaggression pact. President Kennedy and Rusk have countered this with proposals that the Soviet Union should agree to measures for reducing the possibility of conflict over Berlin and for limiting the dangers of surprise attack.

Tax Reduction Bill Unlikely, Sen. Byrd Says

WASHINGTON (AP)—Sen. Harry F. Byrd today joined Republican congressional leaders in expressing doubt that Congress will pass a tax reduction bill this year.

Byrd, Virginia Democrat who heads the Senate Finance Committee which would consider any measure passed by the House, said opposition to any immediate tax reduction has been building up to the point where it is touch-and-go whether any measure could gain majority support within the group.

Beyond that, he said in an interview that a prospective Southern filibuster on civil rights legislation may slow committee procedures to the point where it could not act until late in the year, even if a majority supported tax cuts. Byrd opposes any reductions not accompanied by spending cuts he said the administration seems unwilling to make.

"I just don't know what will happen," he said. "But with the committee so divided and the legislative schedule so jammed up, it seems doubtful to me that a bill can be passed. I don't think Congress is going to want to stay here all year."

Senate Republican leader Everett M. Dirksen of Illinois and House GOP leader Charles A. Halleck of Indiana told a news conference Wednesday they doubt that a tax bill will be passed this year.

Dirksen said legislative action probably couldn't be completed in the Senate until Thanksgiving and he indicated he doesn't really think Congress will stay in Washington that long. Halleck said the House wouldn't be happy if it passed a bill and the Senate held it over until next year.

Eventful Week End Ahead For Peninsula State Fair

Red China Claims Soviets Cheated In Atom Bomb Aid

TOKYO (AP) — Red China charged today that Soviet Premier Khrushchev welshed on a promise to teach it how to make atomic bombs in order to please President Eisenhower at the Camp David talks four years ago.

In a biting statement broadcast by the New China News Agency, a "spokesman" for the Chinese government said the Soviet Union on June 20, 1959, "when there was not yet the slightest sign of a treaty on stopping nuclear tests, refused to provide China with a sample of an atomic bomb and technical data concerning its manufacture."

The statement said this "unilaterally tore up the agreement on new technology for national defense concluded between China and the Soviet Union on Oct. 15, 1957."

"This was done as a presentation gift at the time the Soviet leader (Premier Khrushchev) went to the United States for talks with Eisenhower," the statement asserted.

Raising a new angle in the Moscow-Peking feud, the Red Chinese spokesman charged that Soviet leaders "would not hesitate to obliterate the international position" of Communist East Germany "in order to curry favor with U.S. imperialism."

"Formerly we thought the Soviet leaders were genuinely afraid of the West German militarists' coming into possession of nuclear weapons," the Chinese said. "Now we see that they trust U.S. imperialism and think it does not matter if the West German militarists possess nuclear weapons provided they are under the control of the United States."

The statement said "the real aim of the Soviet leaders is to compromise with the United States in order to seek momentary ease and to maintain a monopoly of nuclear weapons and lord it over in the Socialist camp."

The new Chinese blast against Soviet participation in the limited test-ban treaty said Soviet possession of a nuclear arsenal was no excuse for preventing other Communist nations from acquiring their own stockpiles.

Two Men Linked To Mail Robbery

LONDON (AP)—Two men were held today on charges in connection with Britain's great train robbery, and a man and two women were detained for investigation.

Police said a large sum of money—reportedly about 100,000 pounds (\$280,000)—had been recovered.

Two men, both about 45, were arrested Wednesday night in Bournemouth, a resort on England's south coast, after they stopped a woman on a quiet street and asked if she could recommend lodgings.

The woman became suspicious and phoned the police. When detectives arrived, a fight ensued and the men were taken into custody.

Police said a considerable sum of money was found in a car and later another car was found about a mile away with a large sum of money in it.

Police in Bournemouth said charges were placed against the men but did not announce the charges or their identities.

The men were to be taken today to Buckinghamshire, the county in which the bandit gang held up the Glasgow-London mail train and escaped with 2.5 million pounds (\$7 million) in currency. The other man and two women were picked up in London.

Princess Has Her Birthday At Sea

Princess Anne is third in line of succession to the British throne.

Domestic Corps Gets Slim OK

WASHINGTON (AP) — Alabama's Sens. Lister Hill and John Sparkman combined with Oklahoma's Sen. J. Howard Edmondson to help eke out a cliff-hanger Senate victory for President Kennedy's Domestic Service Corps.

When a coalition of Republicans and Southern Democrats appeared Wednesday to have the measure licked by a 44-44 tie roll call count, administration leaders produced the three Democrats to vote "yes" and record a 47-44 passage today.

This was a victory of lean sorts for the President's proposal to set up a domestic model of the Peace Corps. He got Senate approval of a 2,000 member corps instead of the 5,000 strength he had recommended.

Sen. William Proxmire, D-Wis., forced acceptance of an amendment to limit the program to two years and to put a \$10 million ceiling on the second year in addition to the \$5 million limit already in the measure for the first. Proxmire's move carried 51-34. As introduced the bill carried no termination date.

House prospects for action this year have been considered almost nil.

Three Get Prison For Bar Burglary; Tipster Sues City

DETROIT (AP) — Three bar burglars for whose arrests police thanked Wilbert L. Walker — only to have Walker sue them for half a million dollars later — got a prison terms Wednesday.

The trio—Willie Wilson, 20; Leroy Jones, 24, and Lester Stinson, 19—got sentences ranging from 18 months to five years. They pleaded guilty to breaking and entering. Walker, 41, given a civilian citation for tipping police to the burglary, sued the city, police commissioner George Edwards and policemen on a charge of false arrest. Police arrested him at the same time they were picking up the burglars.

Balloonist Piccard To Try For World Altitude Record

KALAMAZOO (AP) — Well-known balloonist Don Piccard will try for a world altitude record Sunday in the finale of the two-day "180 Years of Flight" air show.

The Kalamazoo County Chamber of Commerce is sponsoring the event, which includes among its attractions the first national hot air balloon championships, the Michigan 99's eighth annual 200-mile cross-country race, the Colic Flying Circus and the Air Force Thunderbirds precision flying team.

Miss Michigan, Kathleen McLaughlin of Ishpeming, crowns beautiful Roni Rose, Escanaba's Centennial Queen, as 1963 U.P. State Fair Queen. The ceremony took place last night at the grandstand. (Daily Press Photo)

Roni Rose Wins Fair Queen Title

The 1963 U.P. State Fair has a new Fair Queen wore her red taffeta Centennial gown. It featured a large collar, puffed sleeves and white ruffles down the front. Her evening gown was white satin, floor length and featured a ruffled front with a bow at the waist.

The new queen is a 1961 graduate of the Escanaba Area High School and is presently employed at the West End Drug Store. She plans to pursue a career in singing and modelling. She is 20 years old, 5 feet 7 inches tall and weighs 125 pounds.

Jon Taylor and Morris Sorby of Escanaba, of the 312th Engineer Co., U.S. Army Reserve, served as escorts for the candidates as they were presented to the grandstand audience. Debbie Mitchell carried the velvet robe and Ginnie Vander was crown bearer.

The judges, mayors from three Upper Peninsula cities, Frank Stupak, Gladstone, Jack Gingrass, Iron Mountain and Harold Carlson, Manistique based their decision on natural beauty, intelligence and speech, personality and poise, grooming and outside activities and costume and theme.

Mrs. Mae Carlson of Escanaba was the Queen's Contest director and Miss Nancy Johnson of Manistique, last year's queen, served as hostess for the day.

Jack Zimmerman of Jackson, Mich., provided musical accompaniment on the organ for all the activities during the day.

Romney Stresses Traffic Vigilance

LANSING (AP) — Gov. George Romney has wired all law enforcement officials in Michigan asking them to step up traffic safety enforcement activities for the remainder of the year.

The governor noted there were 51 highway fatalities last week. Special enforcement activities over the long Fourth of July and Memorial Day weekends kept the fatality rate lower than over the past weekend, when there were 31 deaths, the governor said.

Commissioner Joseph Childs said state police already have about their maximum manpower on the highways.

State police made 97,490 traffic arrests during the first six months of the year. Childs reported, up six per cent from the same period last year.

Crash In Korea Kills 6 Americans

SEOUL, Korea (AP) — A U.S. Army spokesman announced today that all six Army personnel aboard a light plane that crashed Aug. 4 were killed.

Their bodies were found in the wreckage of the L20 on a mountain less than 20 miles from an airstrip near Kansong, 90 miles northeast of Seoul.

Crowds Getting Bigger; Gobel On Stage Tonight

The U. P. State Fair had a "very good day" Wednesday, what with greeting Gov. Romney and picking a queen; tonight comedian George Gobel will entertain at the grandstand show; and the Fair will then move into an eventful weekend climaxing with the Brenda Lee show on Sunday.

Crowds jammed the grounds on Wednesday afternoon. The attendance was encouraged by the visit of Gov. Romney plus the closing of some business establishments in Escanaba and the county for the afternoon. The City Hall and

CHILDREN'S DAY

Saturday will be Children's Day at the Fair, with reduced prices on rides and other midway attractions from 10 a. m. to 5 p. m. It is announced by Ray LaPorte, Fair secretary-manager.

County Building also closed at noon.

The show starring George Gobel is scheduled for 8:15 tonight. The Val Campbell All American Revue is also on the program, with Bill Tropper master of ceremonies.

Gobel Tonight

Ray LaPorte, Fair secretary-manager, is "happy about the Wednesday crowds" but reports that everything isn't coming up roses this year. Tuesday receipts on the midway, for example, were down about 10 per cent, and last night's grandstand audience wasn't up to expectations.

"There is a lot of interest in George Gobel, however, and we're hoping for a sell-out tonight," LaPorte added.

There are many outstanding events scheduled for the remainder of Fair Week; plus many attractive exhibits in art, photography, home economics; the rides and shows along the midway and the barns filled to overflowing with prize-winning livestock and poultry.

The Junior Rifle Tournament gets under way with the young marksmen beginning shooting at 9:30 a. m. Friday. The trophies will be presented the winners at a dinner at the Sherman Hotel at 5 p. m. Individual and team awards are offered.

Busy Weekend

Friday afternoon at 1 is the Model Airplane Contest. The U. P. Gladiolus Show also gets under way at the same hour in the exhibition building. The colorful blooms annually attract crowds of viewers. The night show Friday will feature Three Young Sisters and the Val Campbell Revue.

Stock car races are scheduled for the Fair Saturday and Sunday afternoons. The U. P. State Horseshoe finals will be pitched beginning at 9 a. m. Saturday.

Western and country music will come to the Fair on Saturday night with Ray Price and the Cherokee Ranch Boys, plus variety acts.

Miss Brenda Lee, one of the nation's leading popular recording vocalists, will return to the Fair for the Sunday night show at 8:15.

Miss Lee was applauded by Fairgoers two years ago on her first appearance. She returns with The Casuals, who will play for a dance for teenagers after the show.

Gen. Taylor Backs Test-Ban Treaty

WASHINGTON (AP) — Gen. Maxwell D. Taylor testified today that the Joint Chiefs of Staff agreed to support the limited test ban treaty without any pressure or arm twisting from civilian superiors in the Pentagon.

Taylor, chairman of the Joint Chiefs, said the top military command was consulted in advance of the treaty's negotiation and had complete access to all cables between Moscow and Washington

while the negotiations took place in Russia.

Taylor testified at a public hearing by the Senate Foreign Relations Committee.

He had previously told the Senate Preparedness subcommittee Wednesday that while the treaty had both advantages and disadvantages, the top military command believed that on balance it should be ratified by the Senate.

Taylor spoke of necessary safeguards in general terms, and there were demands from some members of the Preparedness group that he submit later more specific views on these safeguards.

Members of the Senate Armed Services Committee are sitting in with the Foreign Relations Committee on the hearings, as are members of the Joint (Senate-House) Atomic Energy Committee.

Sen. Richard B. Russell, D-Ga., chairman of the Armed Services group told Taylor that Senators hear "a good deal about pressure being brought to bear on the treaty. He asked if any such pressure took place.

"Not in the sense that you suggest," Taylor replied. He said the only pressures on the military leadership are from the "services, conscience and duty to our country."

Detroit Police Head Attacked On TV Program

DETROIT (AP) — Five civil rights leaders denounced Detroit's police commissioner on television Wednesday night, a week after he was on the same station to defend the patrolman who shot and killed Negro Cynthia Scott.

They contended Commissioner George Edwards should have taken action against Patrolman Theodore Spicher, who said he shot Miss Scott, 24, when she attacked him with a knife as he tried to arrest her July 5.

Four of the five said Spicher was arresting Miss Scott illegally. Spicher was exonerated in the slaying of Miss Scott, a convicted prostitute, by police officials Samuel H. Olsen, State Atty. Gen. Frank J. Kelley investigated and declined to intervene in the case.

Arguing the exoneration last night were Roland O'Hare of the Metropolitan Detroit Branch of the American Civil Liberties Union; Bernard Fieger of the Detroit Chapter of the National Lawyers Guild; Richard B. Henry, head of the Group On Advanced Leadership; the Rev. Albert B. Cleage Jr., of the Detroit Council for Human Rights and Edward Turner, president of the Detroit Chapter of the National Association for the Advancement of Colored People.

Henry said he was appearing to answer the "inaccuracies and inadequacies" of Edwards' explanation of the case and to point out the "suppression of the Negro community in Detroit" by police.

The Rev. Mr. Cleage called Edwards' explanation an "attempt to whitewash" that was a "miserable failure." He said Edwards was trying to protect "a trigger happy police department."

Jury Convicts Roseville Man In Building Bribe

MOUNT CLEMENS (AP) — George J. Kirstein, former Roseville housing director, was convicted Wednesday of soliciting a \$30,000 bribe from a builder to help the latter get a city garage contract.

A jury of nine women and three men in Macomb County Circuit Court returned the verdict after deliberating about an hour and a half. The trial lasted four days.

Judge George R. Deneweth continued Kirstein under \$500 personal bond and set sentencing for Sept. 4. The maximum penalty is a year in prison and a \$500 fine.

Kirstein was charged with soliciting the bribe from Martin C. Tropsf, East Detroit contractor, in exchange for an advance plan for a proposed Public Works garage in Roseville.

'Hoodlum Priest' Dies In St. Louis

ST. LOUIS (AP) — The Rev. Charles Dismas Clark, 62-year-old "Hoodlum Priest" who helped rehabilitation of about 3,500 ex-convicts, died of a heart attack today.

He had been a patient at St. Mary's Hospital the past 19 days.

The Jesuit priest believed so strongly in the basic good of man, that he adopted his middle name in honor of the good thief who died on the cross beside Christ. He also gave that name to his rehabilitation center, Dismas House, located in a 91-year-old former school building near downtown St. Louis.

About 2,080 former convicts passed through the center, an average of about 500 each year since he started the Father Dismas Clark Foundation in 1959. The center handles about 60 ex-convicts at a time. Friends put up \$40,000 to purchase the old school building.

Father Clark was a controversial man.

Some more hardened law officers decried the priest's center as useless, and Father Clark himself was embroiled in testimony over a lawsuit against a motion picture company which filmed his story under the title, "The Hoodlum Priest." But the former convicts who lived, ate and prayed with the priest loved him.

St. Louis University, the Jesuit school here, and Washington University, a private institution, had given psychological and educational aid to his project.

Granddaughter Of Pioneer Passes

Funeral services were held Tuesday in the First Presbyterian Church at Menominee for Miss Sara Kuse, who died Sunday in St. Joseph-Lloyd Hospital after being hospitalized since June 8.

She was the daughter of the late Mr. and Mrs. Anton Kuse and was born in Cedar River, where they operated the American House, which her maternal grandmother, Mrs. Sarah McCullough, made noted through an operation which started in the last century.

She had been employed in the office of Robert W. Baird & Co. in Marinette.

Persons attending the funeral included Mrs. Lloyd Lindstrom and Miss Helen Byerlein of Escanaba.

Fat Stock Bids Second Highest In Fair Decade

Second highest average price in a decade for fat stock at the Upper Peninsula State Fair was paid at Wednesday night's auction. The average price was 32.96 cents a pound, topped in the past 10 years only by the 34.5 cents average of the 1960 sale, when 21 animals were sold. There were 29 sold in last night's sale for a total of \$8,376.38.

Drees Livestock of Peshigo bid 52.5 cents a pound for the fair's grand champion steer, a Hereford named Rossco fed by Dennis Bowers. The animal was raised on the Bowers family's Hon-E-Nol Farm at Stephenson.

Auctioneer Walter Heise, Marinette insisted on topping 50 cents a pound for the grand champion and moved the price to 52.5 cents a pound for the steer, which brought Bowers \$538.12. It had a rate of gain of 2.03 pounds a day from the time of the fair feeding contest start in mid-February and arrived at the fair weighing 1,030 pounds and went to sale at 1,025 pounds.

Bowers' brother, Eldon, showed the 1962 grand champion at the fair and got 45 cents a pound of \$459 for the 1,020 pound animal. The boys are sons of Gail Bowers, Menominee County Extension director.

Price Is Up

Grey Knaus of Cornell, the veteran superintendent of the fair's beef animal department and manager of the annual fair fat stock auction, said that average weight of animals sold was down a bit from recent years, being 886 pounds per animal. It has topped 900 pounds in the past decade.

The sale is more selective of its offerings and the number of animals is down from a 1959 peak of 52 to 29 and the total poundage of animals from a 1959 peak of 51,000 pounds to 25,410, but quality and good bidding put the price up to a near record high. Commercial price for the animals would be 25 cents a pound, so the young feeders pocketed checks reflecting substantial premiums from Upper Peninsula businesses which paid more to encourage the young cattlemen. Their animals will grade from low good up to high choice. There is not sufficient time in the contest period to finish animals for the grade of prime said Felix Johnson, the slaughterer.

Average \$288.84

William Winkler, auditor of the auction, reported that average price paid for animals was \$288.84. Four were Angus and all the rest Herefords.

The owners, price per pound and purchasers of the prize animals were:

County Horsemen Tops In Judging At State Fair

Members of the Delta County Circle 4-H Riding Club did an outstanding job Wednesday during competitions at the U.P. State Fair Grounds and walked off with first places in four of the seven classes being judged.

Harvey Johnson of Iron River, superintendent of the 4-H horses, said this year's show was a marked improvement over last year. "These youngsters are really getting down to business and their efforts are shown in their handling of the animals and in the horsemen themselves," he said.

There were 62 horses entered in competitions this year, compared with 56 last year. According to Johnson, judging of the animals is based on the Danish system whereby the judges may award as many firsts, seconds or thirds as they deem necessary.

"For example," said Johnson, "if there are six horses entered in a particular class and the judges believe that five of the animals

should be given a first place award and the remaining animal a third place, such action can be taken. However, it usually works out that first-place winners total about one-third of the group being judged."

By class, the winners in Wednesday's judging were:

Boys' Pleasure Class
Blue Ribbon (1st place) — James Marinho, Iron County; Greg Pontti, Marquette; Mike Vandame, Marquette; Terry Backlund, Dickinson; Charles Chalmers, Menominee and Kent Reusch of Dickinson County.

Trail Class
Blue Ribbons — Lauri Haskins, Delta County; Fred Angeli, Iron County; James Nora, also Iron County; and Bonnie DeCaire of Houghton County.

Pony Class
Blue Ribbon — Ralph Godel of Baraga County.

Model Class
Blue — Glenn Christensen, Iron County; Lauri Haskins, Delta County, second; and Donna Bittner, also of Delta County, third.

Fitting & Showmanship at Halter
Blue Ribbon — Pat Rublein, also of Delta County placed second in the event and Greg Pontti of Marquette, third.

Horseshanship
Blue Ribbon — Alice DuBord, Delta County. Mary DeVoght of Marquette placed second and Bonnie Wahowiak of Delta, third.
One And Under Three At Halter
Blue Ribbon — Donna Bittner, Delta and Norman DeGroot of Marquette.

Red Ribbon (Second Place) — Ann Minnie of Delta County and Barbara McLean of Houghton County.

Pleasure Class (Girls)
Blue Ribbon — Sharon Smokovitz, Dickinson County; Alice Dubord, Delta; Joann Degenar, Dickinson; Mary DeVoght, Marquette; Linda Beauchamp, Dickinson; Patti Sue Lieblin, Houghton; Bonnie Wahowiak, Delta; Janine Bishop, Houghton; Naomi Hansen, Marquette; and Carol Backlund of Dickinson County.

These 17 Upper Peninsula beauties vied yesterday for the title of U.P. Fair Queen. Miss Roni Rose, Escanaba Centennial Queen, won the title as the climax to the day's events. Beef Breeding Awards Made

A Hereford female named "Julie", owned by Corinne LaMarche of Rte. 1, Escanaba, was tagged for the senior champion award, during judging of the 4-H and F. F. A. (Future Farmers of America) beef breeds at the U.P. State Fair Grounds.

Dianne Johnson of Iron River won the junior championship award for her Angus female entry.

Trophies were presented to the 4-H and F. F. A. members prior to the beef auction on Wednesday evening. They were given to Dennis Bowers of Stephenson for the best Hereford steer; Nick Dalgord of Fayette, best Hereford cow and calf; Corinne LaMarche of Rte. 1, Escanaba, best Hereford power female; and Mark Veaser of Powers for having the best Hereford junior female.

The trophies presented were donated by the Ray Hereford Farms of Carney, Dalgord Hereford Farms of Fayette; Taan Hereford Farm of Ishpeming; and Ed LaMarche of Rte. 1, Escanaba. Delta County also placed first in judging of county herds, female class, beef breeding.

Moore Has Many Fine Feathered Friends At Fair

By CLINT DUNATHAN

Prof. J. M. Moore, East Lansing, retired poultry specialist of Michigan State University, has many friends at the U.P. State Fair, feathered and otherwise.

He has been judging poultry and pet stock at the fair for many years and also is widely known to U.P. poultrymen for his demonstrations at Chatham Experimental Station.

"I just can't remember how many years I've been coming up here for the fair," said Prof. Moore, shaking his head under its rumpled canvas hat. "It's a long time. Maybe 10 years? I guess you'll have to ask somebody else."

Fine Quality

Expertly he reached into one

of the wire cages, grabbed a big tom turkey by its legs and flopped it on its back. The turkey's outraged squawks mingled with the quacks, cackles, screeches and cries of the other birds in the big poultry barn.

"Feel that breast," said the professor, approving the tom turkey's physique. He released the bird and it regained its composure and smoothed its ruffled feathers.

"Just about everything exhibited up here at the fair is fine quality," said Prof. Moore. "There is never any disease, as you often find elsewhere, and the poultry, rabbits and other entries are clean and well cared for."

The poultry house is a bedlam of sounds exceeding even the cacophony of the midway. Geese, ducks, turkeys, chickens and pheasants and other birds add to the din, through which the rabbits sleep or sit with ears drooping.

More Than Ever

Gray and white Toulouse geese added their voices to the noise which was familiar music to Prof. Moore. The name of the owner of the geese is on a tag on the pen—Nancy Weldum, Rock. In another pen were bronze turkeys. These also were entered by Nancy Weldum.

Come to find out, the 13-year-old 4-H Club girl from Rock has 75 birds in poultry at the fair: Ten geese, 8 turkeys, 20 bantams and 23 bantams and two rabbits. This includes 4-H and open class.

Nancy has other interests as well, for she has exhibits in 4-H and open class including knitting, photography, baking, canning, hobbycraft, vegetables and others; and in 4-H she has entomology, rocks, conservation, canning, freezing, flower and vegetable gardening and quite a few more. Undoubtedly Nancy will not get all blue ribbons—but the poultry and pet show would look less impressive without her entries.

"Come back tomorrow and I'll have more time," said Prof. Moore. His blue eyes twinkled. He was friendly but busy. There were more entries than ever this year.

Complete Dairy Breed Winners

The final half of the open class judging in dairy breeds wound up Wednesday afternoon at the U.P. State Fair Grounds with the top animals picked in the female class of both the Guernsey and Holstein-Friesian sections.

A Wender and Sons of Iron Mountain took the Grand Champion Holstein award for their entry, "Edelweis Dynamo Fannie". The cow also won the senior championship.

George Thoney & Sons of Daggett received the junior champion award.

Menominee took the award for the best county herd in the Holstein section. Dickinson placed second and Alger County third. Luring judging of the Guernsey females Betty Lou Johnson's entry, "Cloverleaf Betty's Clara", took the Grand Champion and senior champion awards. Sheldon Klein of Wallace won the junior champion award. Miss Johnson is from Rte. 1, Escanaba.

Best county herd awards in the Guernsey class went to Delta County, 1st, Menominee, 2nd, and Chippewa.

Michigan Image Up, Says Romney; Tax Reform Next

"I expect a program of development because of people living in the Upper Peninsula," Gov. George W. Romney told a governor's luncheon sponsored by the U. P. State Fair at the House of Ludington Wednesday noon. Agriculturists and industrialists from across the U. P. formed his audience.

"The U. P. is a geographic entity which justifies special treatment, but it would be a mistake to regard it as distinct and separate from the State of Michigan," said Romney. "The future of the Upper Peninsula is unalterably attached to that of Michigan. As Michigan goes, so goes the Upper Peninsula and there could be no economic salvation until Michigan was rescued from the scrap heap."

"A year ago we were still cited as what other states didn't want to be like. But people believe that Michigan is better today. It is the most important single thing that could have happened to Michigan."

"As new industry comes to Michigan it will find that it is overlooking an opportunity north of Mackinac. Industry is spreading and moving north. Industry will discover the riches of Upper Michigan in minerals, forests and recreational resources which are ready to be employed."

State Sets Pattern
"The most significant change in national attitude toward Michigan came when we adopted the new constitution. There were hundreds of editorials across the country about it and headings like 'Michigan Sets the Pattern for the Nation!'"

"The last session of the Legislature did much to help Michigan's economic expansion. The Department of Economic Expansion and commission were created. Authority was given to local units of government for tax free bonds to finance new plants. A \$750,000 state research fund was created for allocation by the governor,

legislature and Department of Economic Expansion.

"Defects in the unemployment compensation program were remedied by the Ford-Canton Act. Employers will no longer have to finance strikes against themselves, without denying workers their proper rights of compensation when they are unemployed through no fault of their own."

"Financial integrity has been restored in state government and we have a budget surplus and the debt will be of manageable size at the end of the current year."

"Michigan needs tax reform; both parties have been talking it for 33 years, and our tax program has discouraged economic growth and the creation of jobs and discriminated against persons in the lower income brackets."

Two Things To Do
"Michigan's tax structure is wrong in both terms of the individual and of business enterprise. We plan corrections in the fall session of the Legislature."

"Government can provide the impetus and environment, but the job (of economic development) has to be done by individuals. Groups like UPCAP, and Operation Action and the Economic Expansion Department exist to help individual communities to act. It is organizations like GO-Inc., at Ironwood that produce results. It is necessary to get local programs underway."

"I talked to a legislator just back from a tour of the Upper Peninsula who said that there are two things that the U. P. ought to do:

"1. Stop arguing about who is responsible for what happened in the past."

"2. Stop asking when somebody is going to bring the Peninsula some industry. You have got to stop thinking that someone else will do the job."

"We will be glad to help."

Governor Romney was introduced by Jean Worth, editor of the Escanaba Press. The governor addressed the grandstand throng at the U. P. State Fair and toured the grounds, shaking hands with hundreds of persons.

Daily newspaper classified ads are a major advertising medium. Eight hundred million dollars were spent on classified ads in 1962, more than for all television spot announcements or all radio advertising. A Daily Press want ad can do a big job for you.

Ironwood Photos Win Fair Awards

By VICTOR POWERS

Shutter clickers from Ironwood, in the far western end of the peninsula, dominate the show in the photography department in the Industrial Exhibits Building at the U. P. State Fair.

A portrait by Gerald Kinnunen was awarded the professional grand prize and the amateur grand prize went to Thomas Vanzanko for his picture of a barefoot child. They were joined by other Ironwood photographers throughout the prize lists.

Among the amateurs, Mrs. Clara Beauchamp, Ironwood and Nancy Weldon, a 13-year-old from Rock were winners of first and second for portraits. Mrs. Beauchamp had another first for her marine of a ferry boat and a second among the landscapes. Miss Weldon collected a first for her color of butterflies on flowers, a second for a marine and third for a landscape.

Second and third in the color entries were by Mrs. F. W. Welsh, Escanaba. In the open class Thomas Vanzanko won first and second. John Vanzanko, also of Ironwood had third. Thomas Vanzanko also had first prize landscape.

Gilbert Woodcock, Ironwood, led the professionals with a first for his portrait of a violinist, another first for his landscape of snow in the forest and a third for his color waterfall photo. Fellow townsman Gilbert Kinnunen had a second in the open class and a third for his portrait of a boy.

John Mincoff, Manistique won a first for his silhouetted bridal couple in the open class, first and second for his color portraits and a second for his monochrome bearded smoker.

Mrs. Audrey Olson, who arranged the show, was evidently pleased with rise in number of entries but deplored the fact that several entries had to be disqualified for not adhering to rules.

J. L. Tenby was judge.

Insurance, Gasoline Bids Accepted By Board Of Education
The Bark River-Harris Board of Education has accepted the bid of Bergman Insurance Co. of Bark River for fleet insurance for the 1963-64 school year. The accepted price quote was the lowest of three submitted.

Sealed bids for the 1963-64 gasoline supply were opened and the low bid of 16.4 cents per gallon, submitted by Standard Oil, was accepted. This price is 1/2 cent less than last year.

The Board also approved and signed a contract for Robert Anderson of Escanaba, who will teach band at Bark River-Harris this year.

Classes at Bark River-Harris will begin on Tuesday, Sept. 3 for all students except kindergarten. Bus routes have been changed rather extensively this year. On Tuesday, Sept. 3, all buses will pick up their first students at 11:30 a. m. All students will be picked up on that day between 11:30 a. m. and 12:45 p. m.

Kindergarten classes will begin on Wednesday, Sept. 4.

Travel Service Head Charged

The Quayle Travel Service at 1404 Ludington St. has been closed and local tickets for North Central Airlines are being handled by the airline itself at its Escanaba Airport office following charges against Thomas D. Quayle, 37, of Kingsford, operator of the service.

Quayle, operator of travel service offices in 7 Upper Peninsula, Wisconsin and Minnesota cities, appeared before Municipal Judge William Bolognesi at Iron Mountain on Monday and demanded preliminary examination on the charges of larceny by conversion and issuing a check with insufficient funds in the bank.

He was arrested by Iron Mountain police on a warrant asked by Dr. Theodore Fornetti of Iron Mountain, president of Iron Mountain Investment Co. It was reported that the larceny by conversion charge involved a sum of some \$13,000. The Investing Co. made a loan to Quayle and had a contract for receivable accounts which Quayle is alleged not to have turned over to the company.

His bond on the larceny by conversion charge was set at \$3,000 and the bond on the check charge at \$1,000.

Judge Bolognesi set preliminary hearing on the charges for 9 a.m. Aug. 26.

Committee Scans Dividend Taxes

(Continued From Page 1)

two-thirds would go into effect next Jan. 1.

Income tax returns filed next April, or earlier, would not reflect the new rates because the returns cover 1963 income.

Picking up speed after its months of deliberation over the complex tax bill, the committee swiftly approved a corporate rate slash slightly more generous to small business than the Treasury had recommended.

Also approved was a new minimum standard deduction feature that sweetens the tax benefit for low-income taxpayers.

Such taxpayers could get a larger standard deduction than the present 10 per cent, up to \$1,000 for husband and wife. The new provision would allow \$300 for the taxpayer plus \$100 for each dependent, including his spouse up to \$1,000. Thus a small income and a big family could add up to more than the old 10 per cent allowance. Some low-income single taxpayers also would benefit.

The Treasury estimated that under the new minimum standard deduction 1.5 million persons who now pay taxes on low incomes would be taken entirely off the income tax rolls and their savings would aggregate \$310 million a year.

The committee approved also a two-step reduction of the corporate income tax from the present 52 per cent to 48 per cent and

provided for a rearrangement of normal and surtax rates within this rate so as to give a special break to small business.

Effective next Jan. 1, the tax would drop to 50 per cent—22 per cent at normal rate applying to the first \$25,000 of corporate income, and 28 per cent surtax. The present normal tax is 30 per cent. A year later the surtax would drop to 26 per cent, for a total tax of 48 per cent.

The issue of dividend taxation is one of the last remaining important questions to be resolved before the bill can be put in final shape for House action.

At present, the law allows exclusion from income of the first \$50 of dividends—\$100 for stocks jointly owned by husband wife—and then a direct credit against taxes of 4 per cent of the remainder.

Seal Of Quality

The Michigan Commission of Agriculture meeting in Escanaba this week held a public hearing on a proposal to create a Seal of Quality program for Michigan potatoes.

The program is a super quality setup for a commodity to guarantee the buyer that he is getting a superior product. Authorized by the Michigan Legislature, the Seal of Quality program permits the State Department of Agriculture to create such a program when one is found necessary to satisfy marketing needs.

Such programs have been instituted in celery and eggs and the Agricultural Commission in its U.P. meeting named commodity committees in each of those trades to promote them.

The Upper Peninsula has special interest in the proposed Seal of Quality for potatoes because potato production is an important part of Upper Peninsula farming and could be an even greater one. But at the U.P. hearing there was only one witness, Alfred Oelke, who has a 600-acre potato farm at Norway (with 90 acres in spuds this year). Oelke appeared not to be for or against the proposed Seal of Quality program, offering his best tubers in sized lots, boxed and sold at premium prices after preparation by washing, waxing, electronic grading and sprout treating.

The current U.S. No. 1 grade under which most Upper Peninsula potatoes go to market allows 6 per cent defects. The Seal of Quality potato, if one is adopted, will go to market with a higher standard, perhaps only allowing 3 per cent defects. There would be no point in placing the Seal of Quality on current U.S. No. 1 grade as the Seal is symbol of superior produce.

It has been said so often that it is the tritest of economic advice, but it still is deadly true that "Many organizations can produce good products; who can sell them?" This is the magic key to commercial success in farming as in manufacture—the ability to market products at a profit.

The American market for foods today is dominated by supermarket method merchandising where assured large volume production of quality goods at economical prices is demanded.

The Seal of Quality is a proved successful method of attracting the discriminating and informed buyer. She is assured of quality. The premium price is not an impediment because it is a guarantee of value. Oelke and other outstanding individual operators may choose to market their potatoes under a specific brand name identified with quality tubers, but most farmers are subject to general market conditions and if a big part of their crop goes into the Seal of Quality market their return is increased and the sale is assured. It is for potato farmers what the fluid milk market is for dairymen.

Seal of Quality programs are desirable in all farm commodities. In a situation of mobile markets, our farmers want their produce to be eligible for marketing in neighboring states with strong market acceptance and Seal of Quality is a good key.

Fight On Quackery

Why are people so vulnerable to quackery when it comes to health matters?

That's what the Second National Congress on Medical Quackery will seek to determine when it meets in Washington Oct. 25-26, under sponsorship of the Food and Drug Administration and the American Medical Assn.

What follows naturally is the second goal for the meetings: to determine what is needed in health education to help the public protect itself against charlatans who prey on the ailing.

In 1961, the First National Congress on Medical Quackery sparked action at state and community levels to move against the unscrupulous who fatten their purses at the expense of those pitifully eager to grasp at any straw to regain health.

Newspapers have been in the forefront of those spreading light for their readers on the subject of medical quackery, and various government departments and health agencies have long been waging the war against the quacks.

Whatever the forthcoming meetings produce in the way of weaponry against the charlatan is all to the good.

The Doctor Says:

Nothing To Sneeze At

By Dr. Wayne G. Brandstadt, M.D.

You don't have to go on a hay-ride to have hay fever, but you do have to be allergic to one of the pollens produced by certain types of plants.

A tendency to allergy is inherited, but you will not necessarily be sensitive to the same pollens your allergic relatives were sensitive to. If you have the hay fever-asthma type of allergy, now is the time to plan ahead so as to get through the season with as little discomfort as possible.

There has been some confusion about what kinds of pollen cause allergies. Self-pollinating plants such as violets do not cause them. Others, like daisies and goldenrod, have a sticky pollen and depend on cross-pollination by bees and other insects.

These plants have often been wrongly accused of causing hay fever, because their flowering coincides with that of ragweed and other plants whose pollen is wind-borne. The pollinating season for these plants varies because of variations in climate.

A frequently overlooked source of trouble is the fungus or mold that forms on grass and other vegetation in the summer. The common *Penicillium*, the mold from which penicillin is made, is a frequent offender. Others are *Alternaria* and *Hormodendron*.

For any form of allergy caused by inhaling the allergen, skin tests give the quickest means of diagnosis. But, since even skin tests are not infallible, careful observation by your doctor is essential.

Because allergens promote the production of histamine by the body, a group of antihistamine drugs have become popular for comfort.

"It's Going to Be a Tight Squeeze!"

Washington Comment

WASHINGTON—(NEA)—President Kennedy and Sen. Hubert Humphrey of Minnesota, Democratic whip, were discussing the nuclear test ban treaty with Britain and Russia.

"Well, Hubert," the President is reported to have said, "now that we have your test ban treaty signed, let's see you get it ratified by a big majority of the Senate." "We'll do that, Mr. President," the senator assured him. "But what happens then?" "Then," said the President, "it becomes my treaty."

Mayor Ivan Allen Jr. of Atlanta gives no open hints as to the degree, if any, of his attachment to President Kennedy and his administration.

But a few clues may be seen in his handsomely-outfitted office. Its furnishings include six Kennedy-style rocking chairs, all with cushioned seats in the best presidential manner.

An also-ran in the first Mississippi governorship primary was Robert "Blow Torch" Mason, a welder from the town of Magee. Asked why he ran for governor or on the Democratic ticket, Mason said: "Every three or four years, I save up enough money to take a big trip to or run for governor."

"This time I left it up to my wife to decide and she told me to run for governor."

"Blow Torch" ran fourth in a field of four.

The slow legislative pace of the 88th Congress is so appalling to Yankee Sen. Norris Cotton, R-N.H., that he had decided to stop sending weekly newsletters to his constituents back home.

Says the senator: "For 15 years, as congressman and senator, I have sent my reports regularly, without interruption. But never has Congress gone into what amounts to a recess in midseason to resume work in the fall and run until snow flies."

Not wanting to "spoil" his reports by writing a series of fillers on trivial matters, Cotton suspended them, adding:

"It just isn't good New England horse sense to write reports when there's nothing to report."

Patricia Herbst, newly elected vice president of American Legion Auxiliary Girls Nation—a group of 100 high school juniors convening in Washington—has a rare political philosophy. She's a Goldwater Republican from Phoenix, Ariz.—Goldwater's home state—who doesn't want to see the senator run for the presidency.

Memory Lane

By J. R. LOWELL

Ten Years Ago

John Willard Norby of Gladstone has been awarded a \$1,000 scholarship by the Commission of Christian Higher Education of the Augustana Synod Lutheran Church.

Seventeen television dealers and servicemen met last night at the Sherman Hotel and formed an organization. Standards of general policy for servicing and merchandising were formulated and acted upon. Richard Meissner of Ford River is the general chairman.

The Rev. Fred Knecht, of Sparla, Mich., has been assigned to the Escanaba-Gladstone Free Methodist pastorate. He succeeds Revs. Hugh and Irene Egts.

Twenty Years Ago

The Venus Foundation Garment Co. of Chicago, manufacturers of a nationally known line of goods, will open up shortly in the Pontiac garage building on Third Ave. N.

Edward K. Johnson, branch manager of the Daily Press at Manistique for the past year, has resigned, having accepted a position with the Milwaukee Sentinel.

Lowell Sundstrom of Newberry will succeed him there.

Mr. and Mrs. Michael Ettenhofer, parents of Escanaba's chief of police, Michael F. Ettenhofer, will observe their golden wedding anniversary Aug. 16. They reside at 1118 10th Ave. S.

Thirty Years Ago

Three fires, all at Riverside, brought three calls to the Manistique fire department yesterday. The largest fire destroyed a large barn and other outbuildings belonging to John Anderson.

Dr. John J. Walsh, Escanaba physician, was elected president of the Upper Peninsula Medical Assn., at its 36th annual convention held in Escanaba yesterday.

An itinerant lumberjack, a familiar figure in these parts, was killed when struck by a car while he was walking on Highway US 2 near the E. L. & S. viaduct yesterday. He was known as "North American Jack," his real name not being ascertained at this time.

Questions And Answers

Q—Which planet is noted for the periodic appearance of a strange red spot?

A—Jupiter.

Q—Can American Indians refuse to serve in the armed forces?

A—As citizens of the United States, Indians are subject to the same laws and requirements on military service as all other citizens.

Q—What breed of dog cannot bark?

A—Basenji. Basenjis cannot bark, though they can make a whining sound.

Q—When you put a conch or other large shell to your ear, what do you hear?

A—You hear a roaring sound produced by vibrations in the columns of air within the shell, caused by the changing pressure of your blood.

Q—Why is "lb." used as the abbreviation for pound?

A—A Roman mathematician standardized the pound with a 16-ounce weight they called "libra," which gave us the abbreviation for "lb."

University Level Courses Offered

Bay de Noc Community College, like all community colleges in Michigan will be devoted to serving the advanced educational needs of its community. Such service goes far beyond providing the first two years of a college education. However, the college parallel or transfer program is the one which will be most used during Bay College's first years, said Richard Rinehart, president.

In this program a student at Bay de Noc Community College may complete his first two years towards a four year degree in his own local community. If a student now has a job he may continue in it while he goes to school. It is possible by careful scheduling for the student to carry a full school load and maintain a part time job. Such an arrangement does not assume that the college courses are easy, but rather that a student is diligent.

The Advantages

Not all students can afford to leave home to go to college. By attending Bay de Noc College the student can live at home, thus avoiding the greater part of the typical collegian's expenses. Most students need some supervision. While college students wouldn't admit it, it helps to have parents or relatives at home who appreciate the student's efforts. Almost all college students can profit in their early years by having someone around to encourage them over the rough spots.

The community college is obligated to accept all high school graduates. In fact, under appropriate circumstances, it will admit special students who have not graduated from high school. This is not possible in a four year institution which often accepts only the top high school graduates.

University Level

The size of a community college is another advantage for the student. As much as he might like to, he cannot get lost in the crowd. His instructors can give him the individual help he needs to get through the hardest two years of college.

The community college has sometimes been called a second chance college. But its philosophy is not just to give the failing student a second chance. The community college intends to see that a student's first chance is a successful one.

In its first year, Bay de Noc Community College will offer university level courses in Liberal Arts, Science, Pre-Engineering, and Business Administration.

A student enrolling in these programs can work toward degrees in a wide range of fields. His specialization will increase when he enters a four year college.

they depart, is keeping the disease away. Less than one half of one per cent of Detroit's elms have been removed in the control program.

In the East, said McIntyre, where they have a lot of the disease and do nothing about it, there still are some elms growing. And Agriculture Commission members told of their own experiences with resistant elms staying green in a graveyard of dead trees.

The only diagnosed case of Dutch elm disease in the Upper Peninsula to date was at Carney, where a farmer brought home a load of gift wood from the Chicago area, and the Dutch elm disease along with it from a diseased woodlot.

Asked if Michigan State University had ordered discontinuance of the spraying of campus elms because of the insect killer effect upon bird life, McIntyre said that a committee had been created to study the situation.

Stallion Drinks Bucket Of Beer

SAN FRANCISCO (AP)—Mulgrave Fairfax, a Cleveland bay yearling stallion and the only registered horse of his sex and breed in the United States, arrived here Wednesday—with a hangerover.

Apparently the stallion, aboard the freighter Loch Royal on his way from England, was offered and accepted a bucket of beer by a convivial longshoreman while the ship was docked in Los Angeles. He suffered no lasting effects.

Mulgrave will now reside in nearby Oakland where his owners, Mr. and Mrs. Bob Lorimer, say he will be offered for stud to selected mares only.

Huge Teacher Loss Must Be Made Up Yearly

Over the past decade the elementary school teaching staff in the U. S. has increased from 650,000 to 900,000 and the high school staff from 350,000 to 600,000. In all, some half million teachers—an average of 50,000 per year—have been added.

The number of teachers who drop out of full time service each year hasn't been accurately determined, but recent sampling studies imply that the annual loss may be as high as 10.9 pct.

The National Education Association estimates 8.5 per cent teacher loss, which would place the annual drop out at some 85,000 in 1952 and a year-by-year increase to 130,000 in 1962.

These estimates should be subject to serious question if broken down by region or state, or by teaching field, because stability of the teaching staff is known to be greater in some states and in some teaching fields than in others. It does, however, provide a general view of the magnitude of the demand for teachers.

EASY WAY UP

AOSTA, Italy (AP)—They're making it easy now to get to the top of 15,781-foot Mont Blanc, highest peak in the Alps. There is a landing field for helicopters 1,300 feet from the top. From there guides lead tourists up relatively easy, snow covered slopes to reach the summit in a two-hour walk.

Rainbow Fishing Luck Reported

Fair to good rainbow fishing success in spring holes of the AuTrain Basin and the north end of Trout Lake in Alger County are reported by the Conservation Department. Brook trout fishing remains fair on the Dexter Creek in the beaver pond area east of Highway M-67, the Sturgeon River in the federal forest area of Trenary and west of Rock in the Escanaba and the Sawmill. The Escanaba River continues to produce fair success for trout fishermen.

Fishing for smallmouth bass has shown a slight improvement, with some nice catches taken on minnows in West Wilsey Bay. Bass fishermen also having some luck in the bay waters off Escanaba, Ogontz Bay area, head of Big Bay de Noc, area off Butler's

Beach, Michigamme River, AuTrain Basin and Perch Lake.

Some nice walleyes are being taken from Big Shag Lake. The St. Vital's Island area, the head of Big Bay de Noc and the Butler's Beach area and the Michigamme River are also producing some walleyes. Northern pike fishing remains good in the yacht harbor area at Escanaba, with some success also off Butler's Island, and in Trout, AuTrain, Deer and 16 Mile lakes.

Fishing for jumbo perch on the Michigamme River has been very good with other good spots being off Squaw Point Light, west shore of the Stonington Peninsula and at various other locations in the upper part of Little Bay de Noc. The AuTrain Basin has been producing good catches of sunfish, bluegills and perch. Some bluegills also being given up by Perch, Chicago and Lyman lakes.

Western Asia's Maeander River gave us the verb which describes what most rivers do—meander.

George Petersons Will Mark Golden Wedding

Mr. and Mrs. George Peterson of 1603 1st Ave. S., life-long residents of the community and both members of pioneer Escanaba families, are celebrating their golden wedding anniversary Sunday, Aug. 18.

The festivities of the happy occasion will begin with a brunch at the Escanaba Country Club at 11 a. m., followed by an open house from 2 to 5 p. m. at the family home and a 6:30 p. m. dinner at the House of Ludington.

No formal invitations have been extended to the open house of the afternoon but a general invitation is extended to all relatives and neighbors and friends of the couple.

Mr. and Mrs. Peterson were married in Iron Mountain by the Rev. Otto Johnson, minister of the Swedish Methodist Church. Both were born in Escanaba. Mrs. Peterson was the former Alma Peterson, daughter of the late Mr. and Mrs. August Peterson. Mr. Peterson was a son of the late Mr. and Mrs. Christian Peterson.

Alice Lawrence, daughter of Mrs. Anna Lawrence of Powers, recently received her diploma from the Wisconsin College of Cosmetology in Green Bay.

June Newlyweds Are Honored At Schaffer Reception

SCHAFER—A reception for Mr. and Mrs. Ivy Lee Hurtubise, attended by 200 guests, was held at Potvin's Fireside Room Saturday afternoon. The hall was decorated with large white wedding bells and pink and yellow streamers. A matching wedding cake centered the luncheon table.

Serving were cousins, Jo Ann Good, Betty Hurtubise and Pat LaFleur.

Out-of-town guests were from Kenosha, Racine and Milwaukee. Mr. and Mrs. Hurtubise were married at St. Thomas Church in Lincoln, Nebr., June 22. She is the former Gale Jones, daughter of Mr. and Mrs. Albert Jones of Lincoln, and Ivy Lee is the son of Edward Hurtubise and the late Mrs. Hurtubise. He received his discharge from the U. S. A. F. Aug. 5 after serving the past four years.

Mr. and Mrs. Joseph Schermer and children and Kathy Wood returned to their home in St. Louis, Mo., after spending a week with their parents, the John Daults and the Walter Schermers.

Mr. and Mrs. John Dault left Sunday for a few days' visit with the Clem LeBoeuf family in Milwaukee and the Frank Cicero family in Niles. Mrs. LeBoeuf and Mrs. Cicero are their daughters.

Mrs. Charlotte Tougiant and her brother, Hubert Seymour, left Saturday for a week's vacation in Janesville, Wis., with Mrs. Tougiant's daughter, Mrs. Ray Moe, and family and in Milwaukee where they will attend the Wisconsin State Fair.

Mrs. Larry McGabe and daughters, Carol and Christine, of Niles, Ill., are spending a two week vacation with her parents, Mr. and Mrs. Ed Meyers.

Church School At Christ The King

Vacation Church School classes at Christ The King Lutheran Church on Escanaba's northside will begin on Monday, Aug. 19 and continue through Friday, Aug. 30. These classes will meet each morning Monday through Fridays from 9:30 to 11:30 for children, age 4 and up. Lesson material will be on the theme "We Belong to God". There will be special singing, films and filmstrips and a handicraft time to augment the daily Bible lessons. Children of any church denomination are invited to attend these classes.

Perkins

Mr. and Mrs. Lawrence Buss of Menominee were Sunday visitors at the home of Mrs. Adele Vallier. Mrs. Buss is a niece of Mrs. Vallier.

They visited in Canada and at Mackinaw City, and spent three days at Copper Harbor. They were accompanied on the trip by Mr. and Mrs. James Vallier and two sons of Negaunee, who spent the weekend here.

Boy Scout Trip

Boy Scouts with assistant leader, Wallace Porath, went on an overnight hike Friday and camped out on the Whitefish. They cooked their own meals. Making the trip were Frank Gudwer, Calvin Dahn, John Wils, Randy Smith, Steve Branstrom, Chuck Gylock, Tony Robbins, Jeff Ferrier and Paul McNutt and Mike Porath.

All shells house animals, not fish.

Lucille Ulrich At Conference In Minneapolis

Mrs. Lucille Ulrich of Escanaba Business & Professional Women's Club, member of the state committee on World Affairs, attended the Leadership Training Conference held Aug. 10-11 at the Radisson Hotel in Minneapolis.

The conference was one of a series being sponsored by the National Federation of B. & P. W. Clubs to equip the leadership core group of the Federation, state officers and chairman, district chairmen and club officers, with the principles and techniques of professional leadership.

The 12 conferences will implement the Federation's 1963-64 program theme, "The Responsibility of Full Partnership in the Business and Professional World."

"Achieve Through Leadership" was the theme of the Minneapolis conference. Chairman was Helen Krauss, second vice president of the National Federation, St. Petersburg, Fla., who is co-owner and secretary-treasurer of four sizeable companies and who has traveled widely in Central and South American counties to meet business women and learn their needs and ideas.

Social Club Supper Cancelled

Because of the Upper Peninsula State Fair, the regular Sunday night supper at the Highland Golf Club has been cancelled. The suppers will be resumed Sunday, Aug. 25.

Bridge Awards Presented At Highland Dinner

Winners of the Highland Golf Club Bridge League Tournament were presented awards at last evening's championship golf and bridge dinner at the club house.

First prize for the season went to Mabel Moras, second to Marion Desilets and consolation to Pat Anderson.

Winners in the afternoon play, in order, were Mabel Moras, Clara Garant, Marion Desilets, Rhea Ehnerd and Helen Johnson.

Guest awards were presented Mrs. Wayne Teal and Miss Mae Webb.

Mrs. Henry Boyle and her committee were in charge of the dinner.

Ann Landers

Dates For Father

Dear Ann Landers: Should a married man with two children be allowed to date? When I say "date" I mean purely social — drinks, dinner, and nothing more. My husband insists that this is acceptable behavior in our society and that everyone except hypocrites, prudes and squares does it openly. He also insists that those who don't do it openly are probably doing it secretly. My husband says he believes in being completely honest with me and he hopes I won't force him to turn into a sneak. He also says a man appreciates his own wife more after he has been out with other women. This all sounds reasonable to me when he is saying it, but when I am alone and start thinking about it, it doesn't seem to add up. I should tell you that I was born in Europe where the ideas of home and family are quite different than in this country. Please advise me. — MRS. B

Dear Mrs. B: You sound as if you've just had your brain washed and can't do a thing with it. If you want to go along with this Design For Living it's nobody's business but your own. But please don't buy the idea that everybody does it and it's perfectly all right. The married man who can't give up dating is like the 55-year-old marton who still wears her sorority pin.

Dear Ann Landers: Am I being made a fool? This chick has gone out with me five times. She is a lot of fun and I like her company. But whenever we get to the front door she gives me the bum's rush and before I know it I'm standing on the porch with a silly grin on my face and there is a closed door between us.

Dear Ann Landers: Am I an unnatural grandmother? If you say yes, then there are a lot of us because many of our friends feel the same way. My married children think it is my responsibility to sit with their youngsters whenever they have something they'd rather do. I have no objection to helping out in a pinch but it seems as if I am getting pinched for and five times a week.

This girl is 16 years old and I know darned well she has been kissed. So why am I getting the ice? The guys in our crowd have been giving me the horse laugh and I'm sick of it.

How much longer do you think I ought to get along with the brother-sister act? — NO HITS, NO RUNS, NO ERRORS

Dear No: And how do the guys in the crowd know? Have you been giving them a progress report? Maybe the girl figures her company is sufficient payment for the evening. I think you ought to date her just as long as you're lucky enough to get her to go out with you. She sounds plenty A O. K.

Confidential to ALL TORN UP: Get off your knees, girl. It's bad for your nylons and worse for your self-respect. This is no way to get a boy friend back.

Are you tempted to smoke because the crowd does? If so, send for ANN LANDERS' booklet, "Teenage Smoking," enclosing with your request 10c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Most States Have Health Care For Elderly Residents

CHICAGO (AP) — While President Kennedy's proposal to place health care for the aged under Social Security still is awaiting a showdown, most states have acted to provide health care for elderly residents who can't afford to pay their medical bills.

A survey by the American Medical Association shows that more than two-thirds of the states have adopted Kerr-Mills programs to aid near indigents and that all states now are using Kerr-Mills funds for the medical needs of their recipients of old age assistance.

Thirteen states have acted affirmatively on Kerr-Mills bills since June 1, 1962.

The survey also showed a number of states with Kerr-Mills programs in operation have made the benefits available to persons with higher incomes or have expanded the benefits offered.

The Kerr-Mills law became effective Oct. 1, 1960. It is a federal-state fund matching program designed for medically needy persons who have reached their 65th birthday.

The American Medical Association supports the Kerr-Mills program. It contends the legislation can supply assistance to all indigent or near indigent persons who need it, if the states implement the federal legislation.

The Kennedy administration contends the Kerr-Mills program does not offer sufficient benefits and wants to make medical assistance available to all persons who retire and receive social security payments.

The AMA survey covered 54 jurisdictions — the 50 states, the District of Columbia and the territories of Guam and Puerto Rico. It showed:

Old age assistance programs under Kerr-Mills are in effect in all 54 jurisdictions. This provision authorizes the federal govern-

Coast Guard Aids Five When Sailboat Grounds At Island

Atty. Elmer Walsh, 35, of St. Joseph and Frank Lohr, also of St. Joseph, two of five aboard a 40-foot sloop aground off Big Summer Island prepared Wednesday to make temporary repairs before having the twin-sail boat taken to Sturgeon Bay for repairs.

Walsh, in a telephone conversation with the Press Wednesday afternoon said all members of the party were safe and that the group had spent Tuesday night in a shelter they fashioned on the

island, with a sail. They also took some of their food supply on the island with them.

The difficulty arose Tuesday morning after wind shifted to the north and was creating heavy seas. The bottom of the boat, which draws six feet of water, began touching bottom. The boat was pushed aground on a rock ledge in four feet of water, in a cove rimmed with trees. No inhabitants were found on the island.

Mrs. Lohr, Mrs. Walsh and Frank Zollner were taken aboard the Coast Guard cutter Mesquite to return to St. Joseph. The cutter was summoned and arrived Wednesday morning after Howard Gierke of Fairport sighted three distress flares Tuesday night. A Coast Guard plane was dispatched and arrived at 12:30 a.m. Wednesday at the scene and the cutter arrived Wednesday about 6 a.m. The group had breakfast aboard the cutter.

The group picked up the boat Sunday at Mackinac City from the owner, State Rep. David Upton of St. Joseph. Upton had returned by car to St. Joseph and the group continued on to Summer Island. They had been to Beaver Island and were heading toward Ephraim, Fish Creek and the Sturgeon Bay area.

Walsh said the group was more frightened for the boat than for themselves because they had ample food and had had sail experience. They did get cold Tuesday night, however, he said.

Zollner works for Aircraft Components from Benton Harbor, and Lohr is a controller with a container corporation.

Lohr and Walsh plan to spend a few days at the island while readying the craft to go in for repairs, and plan to use a boat of Leslie DeVet to commute from Fairport.

Four Injured When Car Rolls

A car driven by Diane Nelson, 26, of Racine, Wis., was demolished in an accident at 11 a.m. Wednesday on U.S. 2, two miles west of Isabella.

Mrs. Nelson suffered cuts and bruises, and three passengers, her son, Mark, 2, Joanne Wright, 20, and her husband, Dean, 26, suffered minor injuries. Mr. Nelson was taken to Schoolcraft Memorial Hospital for treatment of a laceration above the right eye.

State Police said Mrs. Nelson lost control while towing a trailer, which began whipping. Her car went off the road, back on, and then back into the ditch, rolling over.

Part Of IGA Checks, Valuables Found In Culvert

A quantity of checks and valuable papers taken from the IGA store here in a break-in June 8 was recovered Tuesday by State Police after Wayne and George Tufnell, employees of the Schoolcraft Road Commission found some of the material in a culvert two miles northeast of Gulliver.

Checks, birth certificates, insurance papers, deeds and a \$10,000 certificate of deposit were in the material recovered. Some checks and other valuables are still outstanding.

Trooper Hugh Fish, using a Scuba diving suit, went into the culvert to help extract the valuable papers after they were sighted.

New Harbor Light Installed

A new fog horn, two new beacon lights, two air compressors and two new generators are being installed at Manistique harbor by the V&M Co. of Menominee, which has a contract with the U. S. Coast Guard.

Leonard Walters and Edward Gregurash of Manistique are assisting in the work, scheduled to be completed in about three weeks. The 500-watt beacon will have rotating red lenses which will make it visible a greater distance. A new light also is being installed on the shore unit.

The harbor also is having extensive breakwater repair this year under the Army Corps of Engineers.

Park Manager's Car Rolls Into Water At Fayette

Carl Freiberg, manager of the new Fayette State Park lost a load of groceries to the sea when his car rolled into 10 feet of water at the park Wednesday afternoon. Freiberg was putting away groceries about 1:30 p. m., and heard a crash. He looked out to find his car had rolled around the edge of the house and into 10 feet of water. It landed 10 feet from shore and was to be pulled out Wednesday by skin diver Hugh Fish of the Michigan State Police aiding a wrecker.

School Board Budget Set

The Manistique board of education Tuesday night accepted a tentative budget of \$434,571.50 for the 1963-64 school year. This compares with a current budget of \$388,090, and actual expenditures in the 1962-63 year of \$390,729.55.

The board Tuesday night also ordered its annual audit and will have the work done by Ernst and Ernst of Marquette.

On student insurance, the bid of A. H. Wassberg of Negaunee, at \$2.00 for K-6 grade level and \$2.50 for high school students was accepted. It was lower of two received. On coal, the bid of Manistique Lumber and Coal, lower of two, was accepted at \$12.70 per ton for 600 tons. The C-L hardware bid of \$246.50 for chain-link fencing was accepted. It also was the low of two bids received.

Four firms bid on supplying paper to the school and the low bid of U.P. Office Supply Co. of Marquette was accepted.

The board reviewed applications for the post of superintendent in executive session following the regular meeting, which concluded at 11 p.m. None has been hired as yet.

The school faculty is complete for the year, except for a music teacher. An applicant has been tentatively approved for this post and a contract is expected to be executed shortly with F. L. Wareham.

Board Employs New Custodian

At a regular meeting of the Gladstone School Board Tuesday evening Albert Bratonia was hired as custodian of the Buckeye School replacing the late Mr. Jugo. Several structural problems with the new school were resolved and the board gave their approval to the National Defense Education Act offer on the language lab.

The Board met with the planning commission relative to parking at the new school and this was tabled until the construction is farther along. A french horn is to be ordered for the music department and repairs to the ceiling of the old locker room will be made. Two driver training cars were ordered from the Beaudry garage.

Payment was approved on building contractor bills the amount of \$76,295.27. The board discussed the probable revision of library service to include Community College students.

Scouts Practice For Mackinac

Thirty-five Scouts of Troop 466 and ten guests from neighboring troops practiced marching at the football field last night in preparation for some of the activities they will be taking part in while at the Boy Scouts Mackinac Island Service Camp during August 24-31. The Mackinac Island Camp is a rare and first time opportunity for the scouts of the Upper Peninsula.

The troop in addition to being part of the Governor's official family for participation in civic events, conducts reveille and retreat ceremonies of 13 flags, at the Governor's residence, Fort Mackinac, Fort Holmes, and the Scouts barracks at 8 a. m. and 6 p. m.; guides visitors, supplies messenger service and keeps the scout barracks and parade grounds spic and span. Most of the Scout's time is free to engage in a program of advancement and events both numerous and thrilling.

Owing to the nature of the activities, Troop 466 will be "in the showcase", and for this reason it is necessary that the Scouts are at their best in marching, appearance, conduct, etc.

Accompanying the Troop during the week will be: Cooks, Mrs. Fern Tordeur and Mrs. Nels Apelgren; Scoutmasters David Scherff—466, Bert Gerber—402, Manistique; and Assistant Scoutmasters—Carl Westerbeck and Melvin Strom, 466. Supplies will be taken to St. Ignace by courtesy of Clairmont Transfer Co. Transportation for the Scouts has still not been definitely decided upon. The group has tried to obtain a bus for this purpose, but this has proved most "difficult" and the group may have to rely upon parental transportation.

In order to go the Scouts must have met certain requirements which are: written parental permission, complete uniform, pay \$15 fee plus \$1 for insurance, medical exam and completed BSA medical blank and have their dues paid up to date.

Briefly Told

State Police of the Gladstone
Post issued traffic summonses to the following persons: Joseph T. Robare of Ishpeming, improper overtaking and passing; and George E. Meyer of Ensign for no valid operator's license.

GLADSTONE 107th Engineers Plan Reunion At Ishpeming Armory

Men who have worn the insignia of the Army Engineers will converge on the Ishpeming National Guard Armory on Saturday, Aug. 17 for the third annual reunion of the 107th Engineer Battalion. Many of the 52 states will be represented, with the majority from communities in Wisconsin, and Upper and Lower Michigan.

Past reunions have brought together former members who served in World Wars I and II, and the many years in between. Included at the reunion will be men who are present members of the Battalion, National Guardsmen of Michigan's 46th Infantry Division.

Main speaker at a dinner Saturday evening will be Joseph A. Hrdlick of Milwaukee, for many years secretary of Wisconsin's 32nd Division Veterans Association. Hrdlick served with the 107th Engineers during World War I when it was a regiment and had men from both Michigan and Wisconsin in it. During World War I and then into the early 1940's the 107th Engineers were a part of the two-state 32nd Division.

A full schedule is planned at Ishpeming's new Armory, home of the Battalion's Headquarters and Headquarters Company. Housing a unit of over 125 men the facilities will provide a large equipment display both inside and out, and an exhibit of items connected with the battalion's history. Also planned is a noon meal to be served Army style on field ranges for the men and their families. A dinner and dance are planned for Saturday evening.

Formed At Calumet
Organized in 1880 as a private military company by Capt. John Wilkins at Calumet, the forerunner of the modern battalion was mustered into federal service in August 1881 as the Calumet Light Guard. Roll call took place on the campus of Michigan Tech at Houghton.

As an infantry unit originally, the men of the Copper Country unit fought in Cuba during the War with Spain in 1898 when it was designated as Co. D, 34th Michigan Volunteer Infantry. During the turn of the century it also was called up for strike duty at various Michigan mining communities. In the early 1900's it bivouaced outside of Ishpeming for a time.

Redesignated as Co. A, Michigan Engineers, the unit saw duty on the Mexican Border in 1914. At that time a platoon of the company was mounted on horses, and wagons were a common part of their equipment. Commanding officer of the mounted platoon was Ralph A. Loveland who later became Commanding General of the Michigan National Guard. The company was part of an engineer provisional regiment commanded by Major U. S. Grant III.

No sooner did they return home than they were recalled for World War I. Organized for a bigger job, they became a regiment, with one battalion coming from Wisconsin and one from Michigan. As such they participated in five major campaigns in Europe.

World War II
As National Guard troops again the regiment spent many years between 1920 and 1940 training for another recall. When it came in 1940 the men were told it would be "a few months of maneuvers in Louisiana". When they were through they had gone through Louisiana, England, Ireland, Normandy Beach, France, Belgium, Luxembourg, Germany and on into the heart of Czechoslovakia.

In 1946 the 107th Engineers started up again as a part of the Michigan National Guard with

home station in the Upper Peninsula. Units now are located in Calumet, Baraga, Marquette, Ishpeming, Gladstone, Manistique, and with attached units in Sault Ste. Marie and Cheboygan.

The battalion, known then as the 254th Engineers but mostly still the same men who were mustered in for those Louisiana maneuvers, was awarded the Distinguished Unit Citation for its action in the Battle of the Bulge in December 1944. Fighting with small arms, low on ammunition, and in deep snow, the battalion helped break the German offensive spearheaded by Panzer tanks. Besides this highest honor for an Army unit, the battalion was also awarded the French Croix de Guerre, which is the highest honor the French people can bestow on a foreign unit. Eleven campaign streamers fly from the organization's colors for their deeds from Santiago to the Rhineland.

A little known accomplishment is their building the longest tactical bridge during World War II, thrown across the Rhine River in Germany in March 1945.

Fishermen Irked By Water Skiers

LANSDOWN (AP) — Most complaints made to the State Boating Committee come from fishermen claiming interference from water skiers and fast motorboats, the committee reports.

Fishermen resent fast, new motorboats and the rapidly growing sport of water skiing, the committee said. Tempers often flare and the demand is for rigid restrictions on the use of high powered boats.

"We hear requests to limit horsepower, limit water skiing by hours or to prohibit motor boating or water skiing entirely," a spokesman said. "Often our investigations indicate a need for corrective action, but all too often these demands result from a lack of willingness to share the waters by all the various recreational water users."

The committee said it has proceeded cautiously on each request for special controls.

ON THEIR HONOR
LOUISVILLE (AP) — Jefferson County Sheriff William Cranfill had a purpose when he appointed two honorary deputies.

He gave the appointments to 13-year-old and 7-year-old Valley Station boys who had run away from home. Cranfill told them "you are being deputized to see that it does not happen again."

Tahawus, N. Y. Moves 10 Miles

TAHAWUS, N. Y. (AP) — The hamlet of Tahawus is packing its children, its bags, its houses and its churches and moving 10 miles down the road.

There the drab mining community of 600 persons will be transformed into Winebrook Hills, an 80-acre place with home owners, taxes, circular drives and streets bearing elegant names like Henderson Lane.

It is suburbia with a difference. Winebrook Hills is in the middle of the highest peaks in the Adirondack forest.

Tahawus — a company town built in the rush of World War II — eventually will tumble into the open-pit titanium mine that has crept to within several hundred feet of Main Street.

The mine is owned by the National Lead Co. and its product is used as pigment in paint and plastics. The town, too, is owned lock, stock and schoolhouse by the company. So when it was discovered that the titanium deposit extended under the village, the company ordered the move.

National Lead bought the site of Winebrook Hills in the town of Newcomb from a paper company, built sewers and a water system and hired Carl Tuxill of Weedsport to move 77 units, including houses, apartment dwellings and two churches.

The exodus began the week of Aug. 4. Down the winding highway aboard a trailer rolled the log-cabin Episcopal church. A 1½-story house was moved on a separate rig. The trip took 2½ hours and only a couple of bashed highway guard rails testified to their passage.

The job is to be completed before winter sets in.

A shrug of the shoulders is the principal reaction of the residents of Tahawus — pronounced Tah' wus locally.

"I can't see much difference, we'll have the same neighbors," said Francis Abare, a filter-operator who has been here for 17 years.

Abare lives in one of the barracks-like apartment buildings. In Winebrook Hills, he will live in the same apartment, with the same neighbors. Only the view will be different. The \$49 a month he pays for his five rooms will go up \$15 but he doesn't mind.

Two houses from the New York hamlet of Tahawus are towed down a winding road to a new location 10 miles away, part of a project in which the community's men, women, children, houses and churches are being moved to a new site. Residents of the village, some 100 miles north of Albany, began moving early in August and should be resettled before winter sets in. A total of 77 dwelling units are involved. (AP Wirephoto)

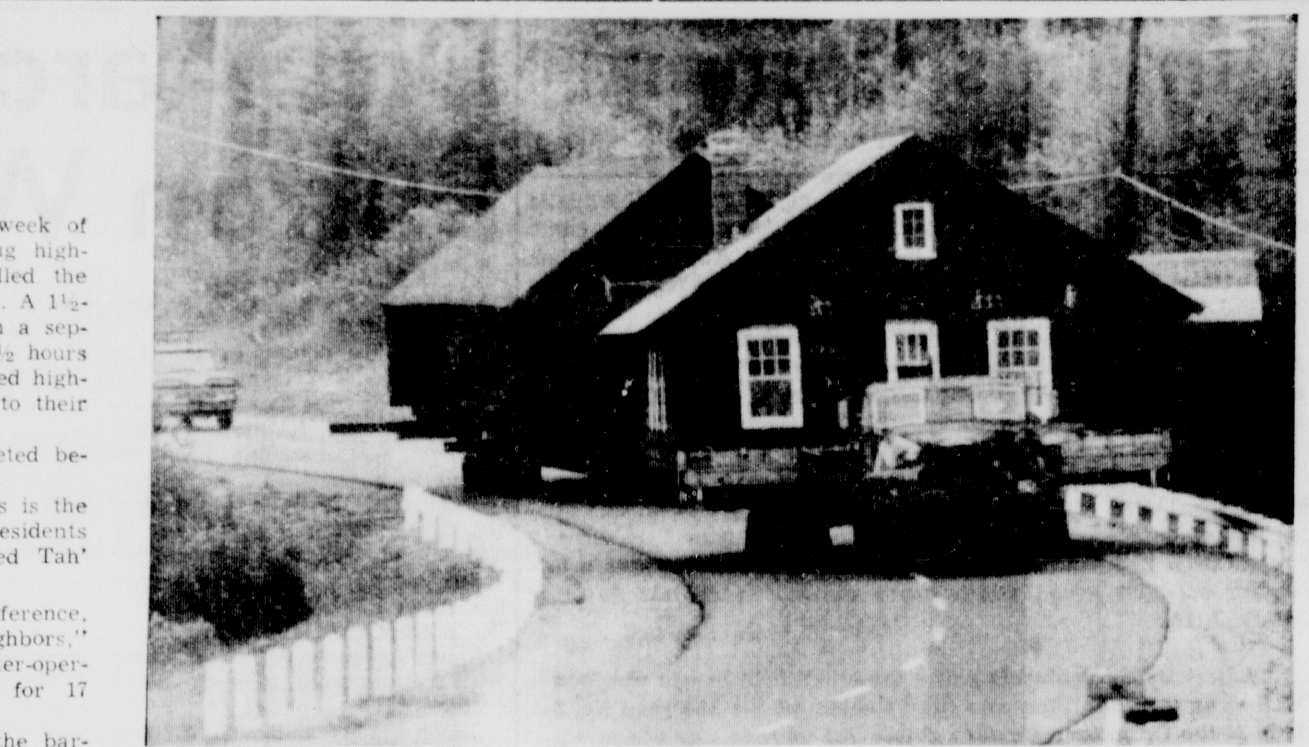

Season Extended For Waterfowl

WASHINGTON (AP) — Regulations announced Wednesday are designed to permit waterfowl hunters to kill more ducks, geese and coots this season than last.

The Interior Department said the more liberal regulations for all flyways are the direct result of an increase in waterfowl production during the summer.

In the Mississippi Flyway, which includes Michigan, the basic season will be 35 days for ducks and coots—10 days longer than last year—and the basic bag and possession limits for ducks will be double those of last season. The open season on geese will be 70 days—an increase of 10—but the bag and possession limits remain unchanged.

States will prescribe the shooting days within their boundaries in accordance with the federal regulations, being allowed to select duck and coot season between Oct. 5 through Jan. 5, 1964. The outside dates for goose seasons will be Oct. 1 through Jan. 15 in the Atlantic, Mississippi and Central flyways.

Escanaba will be host to one of five Michigan High School Athletic Assn. football rules clinics slated in the U.P. this month. The clinic for area officials and coaches will be held Friday, Aug. 23. Other clinics will be held at Houghton, Ironwood, Negaunee and St. Ignace.

Gene Farrell, native of Minnesota, has been named to succeed Jerry Eckman who resigned last week as Ironwood High School basketball coach. Farrell has had 17 years of coaching experience in Minnesota schools.

Jim Malloch of Manistique, last year's outstanding freshman athlete, and Jim Allen of Escanaba are among the Upper Peninsula athletes invited to the opening football drills at Michigan Tech Sept. 2 by new Coach Bill Lucier. Lucier will have 19 lettermen as a nucleus for his 1963 squad which opens the season against Superior State Sept. 14.

Latest Upper Peninsula golfer to score a hole in one was Don Hathaway of White Pine who fired the ace on the 150 yard No. 2 hole at the Ontonagon Country club.

Bob Freimuth, former Escanaba Country Club golfer, will serve as chairman of the 1964 Upper Peninsula Men's Golf Assn. tournament which will be held on the Houghton and Calumet courses.

Billy At Plate, Phil On Mound; Tigers Triumph

KANSAS CITY (AP)—Billy's bat and Phil's pitching put the Detroit Tigers back within easy reach of eighth place Wednesday night—and, according to the standings, they have an easier opponent today.

The ninth-place Tigers still are playing the Kansas City Athletics. But now it's the eighth-place A's instead of the seventh-place A's.

Los Angeles beat Washington last night and took over seventh while the Tigers were beating the A's 5-2.

So who's Billy? A 253-hitting centerfielder named Bruton who clouted his sixth home run of the season Wednesday night in the ninth inning and brought in the three winning runs. It was his third hit of the night.

And who's Phil? Phil Regan—for the past two months—has had the best pitching record in the American League. Wednesday night's victory, on an eight-hitter, was his sixth straight. He hasn't lost since June 13.

A Detroit victory today would put them in an eighth-place tie with the A's. The Angels are out of reach today, but if they lose and Detroit wins, they will have just a two percentage point lead on the Tigers.

The Tigers took a 1-0 lead in the third inning on singles by Bruton, Dick McAuliffe and Al Kaline.

Kansas City pitcher Moe Drabowsky, who gave up eight hits in nine innings and lost, evened things in the last half of the inning with his second homer of the season.

Packers Stress Passing Attack

DALLAS (AP)—The Green Bay Packers took it easy again Wednesday as they prepared for their Saturday night exhibition game with the Dallas Cowboys.

There was more emphasis on passing with Bart Starr and John Roach dividing the work and the Packers ran a few ground plays. There was no contact although the players had their pads and helmets on.

This is a precautionary measure, it was explained.

Did Aaron Trigger Panic Button With Grand Slam?

By MIKE RATHET
Associated Press Sports Writer

Buzz!

Is that the sound of the Los Angeles Dodgers leaning on the panic button now that their stranglehold on the National League pennant scramble has been reduced to a toehold?

Hank Aaron may have triggered the little round disc when he slipped a little round ball into the stands for a grand slam homer that gave Milwaukee a 5-3 victory Wednesday night and trimmed the Dodgers' edge over second-place San Francisco to a mere three games.

Aaron hit homer No. 32 off Don Drysdale, capping a five-run seventh inning that sent the Dodgers reeling with their third straight loss and fifth in six games.

In three weeks, the Dodger lead has been trimmed by four games and the Giants have made up seven lengths.

"It's still a long way to go," said San Francisco Manager Alvin Dark, who watched the Giants get homers from Willie Mays and Willie McCovey but need a pinch-hit single by Felipe Alou to drive in the deciding run in a 7-6, 10-inning decision over fourth-place Cincinnati.

Third-place St. Louis closed to within four games of the top, edging Houston 3-2 on Bill White's seventh-inning homer. Philadelphia moved into a tie for fifth with Chicago, dropping the Cubs twice 7-2 and 9-3. The New York Mets defeated Pittsburgh 4-2.

Boston walloped the American League-leading New York Yankees 14-7 and 5-4. Cleveland nipped the second-place Chicago White Sox 1-0 in 11 innings. Minnesota got by Baltimore 2-1 in 13 innings. Detroit belted Kansas City 5-2 and the Los Angeles Angels shut out Washington 2-0.

Drysdale, 15-13, had a three-hit shutout going into the seventh. With one out, Roy McMillan singled, Del Crandall walked and a passed ball moved the runners up. One out later, Drysdale intentionally walked Lee Maye and Frank Bolling singled to tie the score 1-1. Aaron followed with his drive, getting rookie Bob Sadowski his second major league victory.

The Giants started Frank Linzy, just called up from the minors, while John Tsitouris got the call for the Reds. A hit barrage ensued.

The Giants got 15 hits, the Reds 17, including a homer by Vada Pinson that put Cincinnati ahead 6-5 in the seventh inning. Jim Davenport singled to set up the Giants' tying run in the eighth, then led off the 10th with a double and rode home with the clincher on Alou's hit.

Boros Paces Pro-Am Test

HARTFORD, Conn. (AP)—The crowd is rooting for a local boy and U.S. Open champion Julius Boros has shown that he intends to please them in the 12th Insurance City Open Golf Tournament starting today.

A native of Fairfield, Conn., Boros scored a stellar five-under-par 31-35-66 Wednesday in the pro-am trial, preliminary to the tournament competition.

The 43-year-old master has failed in several attempts to win the Insurance City crown on the par 71, 6,515-yard Wethersfield Country Club course.

Looking as if he were putting in his back yard, Boros rolled in three of 12 feet or better to win the \$300 top money in the pro-am.

There is \$40,000 at stake in the 72-hole competition starting today. And Boros has said: "I want to win this one, with the home folks looking on, very much."

Jack Nicklaus, Boros' toughest foe among the 160 entries, is making his first appearance on the course. The current Masters and PGA champ seemed to take it leisurely Wednesday.

He scored a three-over 37-37-74, getting the feel of the course. Boros had six birdies, four on the front nine. He finished three strokes up on former U.S. Open winner Billy Casper, who had a 31-38-69.

Five Michigan Juniors Qualify

COLUMBUS, Ohio (AP)—Five Michigan entries qualified Wednesday for the 46th Western Junior Golf Championship at Ohio State University.

Bill Newton of Ann Arbor and Fred Ewald of Birmingham led the group with scores of 144. Newton shot 74-70 and Ewald 73-71.

Others were Pete Smith of Niles, 77-72-149; Charles West, Birmingham, 80-70-150; and Kent Cadey, East Grand Rapids, 76-74-150.

Butts' Character Is Called 'Bad' By College Men

ATLANTA (AP)—Dr. O. C. Aderhold, University of Georgia president, and three athletic board members have testified they believe former coach Wally Butts has a bad character.

Several more athletic board members were prepared to take the stand today in the federal court trial of Butts' \$10-million libel suit against the Curtis Publishing Co.

The suit resulted from football-fix charges against Butts by the Saturday Evening Post, published by Curtis.

Aderhold said Wednesday that Butts' business interests had interfered with his duties as athletic director prior to his resignation Feb. 28.

The stocky Butts, who spent 21 years as head coach at Georgia and then 2 1/2 years as just athletic director, resigned the day after he was confronted with charges that he fed data on his team to Coach Paul (Bear) Bryant of Alabama.

In his testimony, Butts said he resigned to avoid embarrassment to the university.

When asked his opinion of Butts' character, Aderhold said: "I would say it's bad."

The 58-year-old Butts sat impassively. Aderhold started to comment further but was stopped by Judge Lewis R. Morgan who ruled that no specifics could be discussed.

Similar testimony about Butts' character was given by Prof. Harold Heckman, Prof. R. H. Driftmeyer and alumnus William T. Bradshaw, all athletic board members.

Heckman and Driftmeyer said flatly they would not believe Butts under oath. When the question was put to Bradshaw, he replied: "I don't believe so."

Yankee Runaway Can't Dim Enthusiasm Of Twins' Fans

By MURRAY ROSE
Associated Press Sports Writer

The Yankees' runaway in the American League apparently hasn't dimmed the enthusiasm of the fans in Minnesota where the Twins are making a strong fight to take over second place again.

A crowd of 25,014 in the Minneapolis-St. Paul area was on hand Wednesday night and boosted home attendance to 1,017,146—the third straight year the Twins have lured more than a million customers.

The fans had a ball Wednesday night. They watched the scoreboards and cheered as the Yankees took a double beating from the Red Sox at Boston, 14-7 and 5-4, and the Cleveland Indians nipped the second-place White Sox at Chicago, 1-0, in 11 innings on Willie Kirkland's homer.

Then they whooped it up as Bernie Allen's single drove in the run that gave the Twins a 13th-in-

Carolyn Nelson Regains Highland Golf Club Crown

Carolyn Nelson returned to the throne room of the Highland Golf Club Wednesday, capturing her sixth club championship with a 3 and 2 victory over Vicky Beck in the title match.

The crown will rest on her trophy shelf with club trophies won in 1955, 1956, 1957, 1959 and 1961.

The long hitting Escanaba woman reached the peak of her golf career in 1957 when she won the Upper Peninsula women's championship at the Escanaba Country Club.

In yesterday's title match, the finalists battled neck and neck through the first nine holes. Beck stroked a par-4 on the first hole to take the early lead and Nelson evened the match with a 5 on the ninth. They traded holes on the 10th and 11th to remain even entering the 291 yard 12th. Both were on in three but Nelson dropped her putt for a par to 1-up.

The champion spread her margin by winning the 14th as Beck three-putted and closed the match on the 16th with a bogey 5.

Both golfers had trouble on the lightning-fast greens and their short game suffered because of the slick surface.

NEW YORK (AP)—Luther Lassiter of Elizabeth City, N.C., retained his world pocket billiards championship Wednesday night by completing a 600 to 381 victory over challenger Jimmy Moore of Albuquerque, N.M.

Farm League

The Astronauts defeated the Nurses 12-4 Wednesday. Sue VanEffen was the winning pitcher. Sharon Benoit and Betty Thorsen pitched for the Nurses.

Mickey Mantle of the Yankees had a perfect stolen bases record in 1962. He stole nine bases in as many attempts.

Allen, benched most of the season by a weak bat and hitting 195, lashed a Stu Miller serve into right field to score Vic Power who had doubled, with the winner.

Bill Daley, who hurled four innings of shutout relief collected his fourth victory. He has lost two.

The Yankees saw their six-game victory streak ended by a barrage of 19 hits in the Boston daylight and then had a four-run rally in the ninth inning just fall short under the lights in the day-night doubleheader.

Dick Stuart had a picnic against the Yanks. He collected six hits and drove in six runs. The Sox first baseman clouted his 29th homer, a two-run shot in the eighth inning of the second game.

The crowning blow, however, was relief pitcher Jack Lamabe's first hit of the season—a three-run homer in Boston's five-run seventh inning of the first game.

Defending Champ To Play Swanson In Golf Finals

Defending champion Marie Wicklander edged past former titlist Gloria Hansley, 1 up after 19 holes, in one of the semifinal matches in the Escanaba Country Club women's tournament Wednesday.

In the other semifinal Doris Swanson scored a 2-up victory over Lou Berglund, a former finalist and last year's champion at Highland. Swanson is a tournament-tested player who is seeking her first club crown.

Wicklander and Swanson will match shots for the championship trophy this afternoon.

In the 14 matches played Wednesday, four went extra holes.

Mary Sue Boyce, chipped in three times in their 18 hole match but failed to win. Milly defeated her daughter 1-up on the 19th in a first flight semifinal game.

Netters Begin War Of Nerves

LOS ANGELES (AP)—With the last hard drills over, the American Zone Davis Cup play between the United States and Mexico settled down today to a war of nerves between the two teams.

Singles play starts Friday at 3 p.m. EST. Only event today is the draw which will determine who will play whom.

Both Bob Kelleher, non-playing captain of the U.S. netters, and Pancho Contreras, the Latin's playing captain, have declined to name their singles starters—but the hints are broad.

Undoubtedly, Chuck McKinley, the Wimbledon singles champion, and Dennis Ralston, a former Wimbledon doubles champion, will be the U.S. choices. And the Mexican starters, by the same hinting, will be Rafael Osuna and Antonio Palafox.

Osuna has been a Wimbledon doubles champion twice—in 1960 with his buddy, Ralston, and this year with Palafox.

If practice workouts mean anything, there's a chance that Martin Riessen, 21-year-old Northwestern U. star, might team with McKinley in the doubles.

On Tuesday coach Pancho Gonzales paired the two in a six-set match and did the same thing Wednesday morning. Riessen is an exceptional doubles player and looked good against Gonzales and Ralston.

Arthur Ashe, 20-year-old Negro from Richmond, Va., is first choice after McKinley and Ralston for singles play. He has improved more than any other player on the squad during the week's workout. He is first of his race to make the U.S. Davis Cup team.

Swimming Pace To Get Faster

HIGH POINT, N.C. (AP)—The pace was expected to step up today for both the National AAU Senior Women's outdoor Swimming Championships and for 16-year-old Ginny Duenkel of the Summit, N.J., YMCA.

Miss Duenkel won the only event on Wednesday's opening round when she defeated Sharon Finerman, from Los Angeles, and Carolyn House of the Los Angeles A.C. in the 1,500-meter freestyle with a time of 18:57.9.

Today's program featured five events, with Miss Duenkel's defense of her 200-meter backstroke title expected to be the top attraction. All three of the leading contenders—Donna De Varona, a 1960 Olympian from the Santa Clara, Calif., S.C. and Cathy Ferguson of the Los Angeles A.C. and Miss Duenkel—have bettered the world record for the distance this summer.

Wolverines Can Go Only One Way This Grid Season

ANN ARBOR (AP)—The University of Michigan is about to launch its 84th official football season with only one way to go—up.

The Wolverines turned in their poorest performance since 1936 last Fall, winning only two games and losing seven, and posting a 1-6 conference record.

But the signs point to a better year, said Bump Elliott, who starts his fifth season as head coach with the opening of fall practice Aug. 26.

Practice starts a week earlier than other Big Ten schools because of the earlier opening of classes (Sept. 3) to accommodate Michigan's new year-around academic program.

Seventy three players—including a promising crop of sophomores and experienced Juniors—are expected to turn out 11 days from now.

The upcoming squad is decidedly better than the one that took to the practice field a year ago, Elliott said, but is not outstanding.

The Wolverines lost only three starters through graduation this year. The only serious loss was that of Dave Raimey, right half from Dayton, Ohio, and Michigan's greatest scorer since Tom Harmon in the early 1940s.

Weakness at end, center and fullback plagued the Wolverines last Fall.

This year, they have three lettermen at end—juniors Jim Coleman of Springdale, Pa.; Ben Farabee of Holland, and Bill Laskey of Milan—as well as promising sophomores in Steve Smith, a 6-2, 230-pounder from Park Ridge, Ill.; Dennis Flanagan, 6-2, 215, of Niles, Ohio; Craig Kirby, 6-1, 180, of Royal Oak Kimball High School, and Jeff Hoyne, 6-1, 195, of Chicago.

At Center there are three lettermen where there were none a year ago—although sophomore Tom Cecchini of Detroit Pershing High School is scheduled to start at that spot. The lettermen are junior Jim Green of Trenton, senior Bill Muir of Cuyahoga Falls, Ohio, and Dick Szymanski, a senior from Toledo.

At fullback are two tested veterans and a promising sophomore.

County Board To Order Millage Vote For Jail

The Delta County Board of Supervisors met in special session this morning to discuss the jail construction project, following notification of a grant of \$177,000 under the Federal Accelerated Works Program.

The county clerk has not yet received official word on the grant, but it was pointed out this morning by County Prosecutor Nicholas Chapekis that once word is received there will only be a period of 30 days in which the county must indicate to the government its means of financing the remaining half of the new jail cost.

While the board has taken no official action on the matter, it has been proposed that the people vote two mills for one year to raise about \$150,000.

"This money," said Chapekis,

"would establish a sinking fund to be handled by a commission appointed by the county board of supervisors."

According to him the millage would have to be levied and receivable in October of this year.

Tentative date for the election, which would be for only taxpayers in the county, is Sept. 30. Members of the board strongly favored holding a public meeting prior to this date as a means of informing the public what the new facility would include, and to answer questions of property owners.

During the special term of Delta County Circuit Court this week Judge Bernard Davidson of Neaunee said the matter of the new jail had been brought to his attention many times within the past five months, both here in Escanaba, and elsewhere through state officials.

"In my opinion," he said, "there is without question an emergency situation confronting Delta County with respect to this facility. On June 26 of this year, while at the sheriff's convention in Iron Mountain, Robert Russell, state jail inspector, informed me that because of the deplorable state of the Delta County jail he would be forced to enter an order condemning it, closing it to further use."

"Mr. Russell said that he would have taken this action some time ago had it not been for the representations that had been made to him that a new facility would be constructed. He said that unless something were done shortly, he would petition the Circuit Court for an order of condemnation."

"If such a petition is presented to me, it would appear that I would have no alternative but to grant the petition."

"I further understand that if the jail is closed the action will result in a large annual cost to the county in transporting prisoners to jails in other counties, which costs over a period of three or four years could amount to the county's share of the cost of a new jail."

"Whatever can be done to facilitate the construction of a new jail for Delta County certainly will be in the best interests of the people of the county and the public generally."

Members of the Delta County board were to take action on the matter today.

House Approves College Building

WASHINGTON (AP) — In the news from Washington:

EXPANSION AID: A bill that could pump nearly \$3 billion into college building programs has won overwhelming approval in the House.

It would authorize \$835 million in federal grants and \$360 million in loans over a three-year period, with the institutions getting the grants having to raise \$2 of their own for every \$1 in federal funds.

The bill faces a clouded future in the Senate. The threat of a civil rights filibuster makes it hard to predict the course of any legislation.

GREEN LIGHT: The House Rules Committee has flashed a go-ahead for House consideration of President Kennedy's foreign aid bill.

Debate will begin Tuesday on the \$4.1 billion authorization. Kennedy had requested \$4.5 billion, but the House Foreign Affairs Committee sliced off \$438 million.

YOUTH TRAINING: The Senate Labor Committee has approved two bills to expand the manpower training program, designed to provide skills for jobless youths.

The additional \$361 million approved Wednesday by the committee for the program would finance youth training and literacy courses in this fiscal year and next and increases in the federal share of the program.

Congo Republic President Resigns

BRAZAVILLE, Congo Republic (AP)—President Fulbert Youlou resigned from office today in a dramatic announcement from the steps of his palace.

A chanting mob of Africans, who had swarmed around the palace shouting for his resignation, greeted the news with noisy jubilation.

Ladies To Star In TV Comedy

By CYNTHIA LOWRY
AP Television-Radio Writer
HOLLYWOOD (AP)—After a decade or so, network television has apparently reached a conclusion: Ladies are strictly for laughs.

A check of next season's programs on the three major television networks reveals there will be 10 programs in which a woman is, undisputedly, the star of the show. Every one of them, with the possible exception of CBS' "Judy Garland Show," is a comedy.

There is no need, however, for the formation of a protective association by the male stars. The odds are still eight to one in favor of men.

Historically, television has not had much success with serious series with feminine stars. Even high-powered performers like Barbara Stanwyck and June Allyson saw their series die dimly after a single season. Loretta Young survived for several seasons, but last season was among the earliest casualties of the ratings wars.

Two outstanding exceptions have been CBS' indestructible Lucille Ball and NBC's Shirley Booth of "Hazel." Both are comedienne.

Two new comedy shows, incidentally, will join "Hazel" by having their stars playing domestic: Imogene Coca in NBC's "Grindl," and Inger Stevens in ABC's "Farmer's Daughter."

Glynis Johns in CBS' "Glynis" will be a happy housewife and mystery writer.

Bea Benaderet will be the central figure in CBS' "Peticoat Junction," playing a widowed hotelkeeper. And Patty Duke will play two look-alike girls on her ABC series, Edie Adams, of course, will hit comedy hard on her variety show on ABC.

Of course there will be the usual number of comely young women playing wives in the family situation comedies, but only Donna Reed of the ABC show of the same name can claim star status.

Railroad Strike Delay Proposed

WASHINGTON (AP)—Congressional support is reported increasing for a resolution to postpone the threatened Aug. 29 rail strike and let a special House-Senate committee supervise renewed efforts to break the deadlocked negotiations.

No meetings are currently scheduled between the railroads and the five on-train brotherhoods.

Backers of the resolution, first suggested by AFL-CIO President George Meany, hoped it would gain support from congressmen who oppose as a form of compulsory arbitration President Kennedy's proposal to turn the dispute over to the Interstate Commerce Commission.

The resolution embodying Meany's plan was introduced by Sen. Clair Engle, D-Calif., and co-sponsored by six other Democrats on the Senate Commerce Committee.

Neither the Senate nor House Commerce committees, which held lengthy hearings on the President's plan, had any meetings scheduled.

Veteran Of Navy Gets Life Term As Soviet Spy

NEW YORK (AP) — Nelson I. Drummond, 34, U.S. Navy yeoman, was sentenced to life imprisonment today as a Soviet spy.

Drummond, a 17-year Navy veteran from Baltimore who was arrested with secret documents in company of two Soviet officials, was convicted July 19 of conspiring to commit espionage. Federal Judge Thomas F. Murphy passed sentence.

A stockily built Negro, Drummond appeared shocked as he heard the sentence. He tightly gripped the edge of the table against which he stood.

"You have been convicted of a most awful crime," Judge Murphy told Drummond, who could have received the death sentence. "You have sold the security and safety of your country for \$24,000, and you did this while a member of the United States Navy."

As the judge spoke, Drummond's wife, Lucille, sat in the first row of spectators in the crowded courtroom, nervously clasping and unclasping her hands as the judge pronounced sentence.

Japan Observes Surrender Day

TOKYO (AP)—Japan observed the anniversary today of its World War II surrender with official ceremonies for the first time.

A nationally televised memorial service for the 3.1 million war dead was held in Tokyo's Hibya Hall. It was attended by Emperor Hirohito, Empress Nagako, Prime Minister Hayato Ikeda and 1,500 Japanese who lost relatives in the war.

Owosso Woman Is Found Dead At Wheel Of Her Car

OWOSSO (AP)—A young Owosso woman was found dead in her car on a rural road Wednesday after it had skidded and partly

upset, then righted itself.

Beverly Grim, 23, lay dead at the wheel. The cause of death was not evident.

Coroner Howard Jennings of Shiawassee County said Miss Grim might have suffered a heart attack or a broken neck when the car tipped over.

Tire marks on the gravel road

10 miles south of here indicated what might have happened. The car skidded 100 feet, tipped on one side, and then righted itself. It stopped with front wheels on the road and back wheels on the road shoulder.

People find it easier to solve other's problems than their own.

Syncom Satellite Now Stationed High Over Brazil

WASHINGTON (AP) — Space agency scientists said today they have placed the Syncom II satellite on station high over Brazil.

The world's first virtually synchronous satellite was placed in position to enable 24-hour transatlantic communication between Lakehurst, N.J., and Lagos, Nigeria.

Commands were radioed to the satellite in the early morning hours to touch off tiny jets of nitrogen gas and speed Syncom II's orbit to make it nearly synchronous with the earth's rotation.

This was the last in a series of maneuvers to place Syncom II along the 55th degree of longitude. On launching from Cape Canaveral, Fla., July 26, the satellite had gone into a lower than planned orbit and its speed carried it eastward in relation to the earth's rotation.

Scientists expect the satellite to stay on station, 22,500 miles above the earth, for two years.

Flint Firm Will Plan New Lansing Highway Offices

LANSING (AP)—Highway Commissioner John Mackie announced Wednesday that the Flint architectural firm of Sedgewick, Sellers and Associates has been selected to prepare preliminary plans for the department's new headquarters building in Lansing.

Mackie said the firm will prepare preliminary plans under the provisions of a \$100,000 planning appropriation authorized by the legislature a year ago. He said he

Petitions Attack Housing Opinion

LANSING (AP)—A statewide initiative petition drive has been launched against Atty. Gen. Frank Kelley's formal opinion that Michigan's new civil rights commission will have sweeping powers over private housing.

The movement, which has set a goal of 300,000 signatures by the end of the month, was started by two Detroit homeowners groups. It has the backing of the Michigan Real Estate Association.

"We were asked to help out and decided we would," said Harold Davis of Lansing, president of the association.

Davis was one of the plaintiffs in a suit which successfully challenged the authority of the corporation and securities commission to issue its controversial "Rule 9" against discrimination.

The State Supreme Court recently ruled unanimously in favor of the plaintiffs' contention that the commission had no power to issue such a rule.

Some 20,000 petitions reportedly were sent out last week by the real estate association, with a request to members that they be circulated for signatures.

In at least one case, the action of the association has been criticized by a member and the petitions tossed aside.

But Davis said his group is on the side of property owners regardless of their race, creed or religion.

will ask the Administrative Board to approve the appointment next week.
